

Reclaimed Street Paver Bricks

Over 100 years ago and reclaimed from historic streets, these antique street pavers for sale are unlike anything made today, with a variegated color palette of maroon to dark purple.

When specifying this product, the specifications should cite:

- 1) The supplier as "Gavin Historical Bricks."
- 2) Conformance to the requirements of the appropriate standard (typically, ASTM C902).
- 3) The general dimensions listed as thickness x height x length.
- 4) Color*

Example: Reclaimed Street Pavers supplied by Gavin Historical Bricks to conform to the requirements of ASTM C902, Class SX, Type I. The units have a general dimension of 3 1/2" x 3 3/4" x 9 1/2"**.

*Confirm available colors and approve with physical sample: Purington Paver, Purington Flat, Clinton Paver, etc.

**It is understood that reclaimed bricks will have some chips, imperfections and irregularities and that it is the aesthetic intent of the specifier.
